

AUGUST 2020

Membership,
Here are the news highlights from the last month.

Golf Outing

- The Golf Outing is still on. There are currently 40 golfers registered, and room for more. Please register by August 1st. You can pay on the website (PayPal, credit/debit card) at any time or at the golf course the day of the outing.
- All gifts are Raffle Only this year, so everyone has a chance at great prizes.

General Membership Meeting

- We are still scheduled to hold the next General Membership Meeting on September 24th.
- The Chief will be available to present the Rescue Vehicle.
- The meeting is subject to change based on the COVID-19 situation at the time.
- I will keep the membership informed.

Feed the Cops

- Feed the Cops will occur Labor Day weekend this year.
- There is the potential for a "Take the Protest to the Suburbs" protest and the city's fireworks both on that weekend, so the police department will be fully staffed.
- The police department will update the Board at the next Board Meeting regarding the policy for accepting food from private citizens.
- The Board has allocated funds to provide meals for two days, on all shifts, during the Labor Day weekend.

Police Support

- The police department could still use your letters and cards showing support for all of their efforts.
- The past month has been difficult from a morale standpoint because of the continued negative social media postings and some difficult interactions with the general public.
- Please take the time to send a letter or card to the police department, letting them know how much they are appreciated.
- All cards and letters are posted and read by the officers. Your support really makes a difference.

NBPCAAA Picnic

- During the August Board Meeting, the Board will determine if we should hold the NBPCAAA picnic in September or October, or cancel it for this year.
- We will make our decision based on the current COVID-19 situation at the time, with the primary interest being the health and safety of our members.

All details of the Board Meeting Minutes, Calendar of Events, and all NBPCAAA information is available on the website.
