- The food was ready promptly, the weather was great, and the participants had a wonderful time.

Red Cross Education Event

- Seven members attended the presentation.
- The participants learned a lot about the Red Cross, beyond what they typically think that this organization does.

NBPCAAA Facebook Page

- We have made some administrative changes and should be able to post current news and events on the NBPCAAA Facebook page. Check it out!

Zoom Improvements for the Next General Meeting

- Based on feedback from the members, the NBPCAAA will make some improvements to enhance both audio and visual components of the Zoom meeting. If you have used this option in the past, or may use it in the future, you should have a much-improved experience.
- Always feel free to provide feedback on your experience so that we can make any necessary improvements.

Golf Outing – August 12th

- The outing is at our capacity of 144 golfers. Last year we had 123 golfers.
- Some changes are being instituted this year to speed up registration, make it easier for the golfers to know if they won a raffle prize, and make the raffle drawings faster and more efficient.
